

CARING FOR CHILDREN WITH SICKLE CELL DISEASE

The Perth Children's Hospital (PCH) Haematology service invites you to attend our first Sickle Cell Disease education and collaboration forum - aiming to bring our patients, their families/carers and our professional colleagues together to provide the best care for children living with Sickle Cell Disease.

The first session of the afternoon, for our patients and their family/carers, hopes to better understand the patient experience and welcomes input through our guided discussions.

The second session is for patients, families/carers and professionals. In this session, our specialist team will give key information about providing the best care for children living with Sickle Cell Disease.
